We are one of the leading **Manufacturer, Wholesale Trader and Importer** of an extensive assortment of **Marking Machine, Etching Machine, Hand Held Marking Machine, DOT Pin Marking Machine** and much more.

## About Us

Incepted in the year **2003**, **Yugma Impressions** is one of the leading **Manufacturer, Wholesale Trader and Importer** of a qualitative assortment of electrochemical etching machines and consumables. Our range is acclaimed for its features including sturdy construction, low maintenance, user friendliness and others. These are used in the areas such as automobile industry, printing press and many others. We can also undertake job work for laser marking and chemical etching on the basis of customer's requirement.

Our range is suitable for making marking permanently, aesthetically with minimum cost. We offer a wide range of **Marking Machine, Etching Machine, Hand Held Marking Machine, DOT Pin Marking Machine and much more**. The consumables including electrolyte, marking head and photographic stencils are applicable in numerous ferrous and non ferrous metallic items and other materials such as cutlery, taps, drills, hand made and automatic tools, crank pins, engine valves, surgical and medical instruments, bath ware, sanitary hardware, ball bearings, gears, engine components.

Under the excellent guidance of our proprietor **Mr. Rahul S. Bubane**, we have achieved a quick growth in our field. Our dedicated team has also helped us in achieving our targets and goals. We provide customized solutions for both automatic and semi-automatic processes that suit respective applications. We have accomplished complete plant automation...
